Dear Auditor-General

I am writing to seek your consideration of an Australian National Audit Office (ANAO) review of probity and conflict of interest arrangements in place for the OneSKY Australia programme being led by Airservices Australia (Airservices), our major civil air traffic service provider.

The OneSKY Australia programme involves Airservices and the Department of Defence and its key objective is to deliver an advanced and integrated air traffic control system in Australia, replacing both the current civil and military systems that have been in operation since the 1990's.

Given the importance of the OneSKY programme to Australian civil and military aviation, I would appreciate the Australian National Audit Office (ANAO) advice on:

- the robustness of the probity and conflict of interest arrangements in place for the OneSKY programme; and
- the management of these arrangements by Airservices and their independent probity advisor.

I look forward to your advice on this matter.

Yours sincerely

WARREN TRUSS
