5 May - 6 June

# Highlights Report

Responses:

436 of 467

Response rate:

93%

#### **Exploring your results**

Take time to understand your report. Consider your response rate to determine how representative your results are of the views of your colleagues.

Most questions in this report have information about the proportion of colleagues responding positively, neutrally or negatively.

Identify the areas where you are performing well. These will tend to be high results which are notably above any comparative results. Celebrate these results.

Identify areas that need improvement. These tend to be the low results, which are notably below comparisons.

Generally a difference of -/+ 5 percentage points is worthy of attention, but the size of the group is important. Changes in small groups can be unreliable.

2025 APS Employee Census PAGE 02.

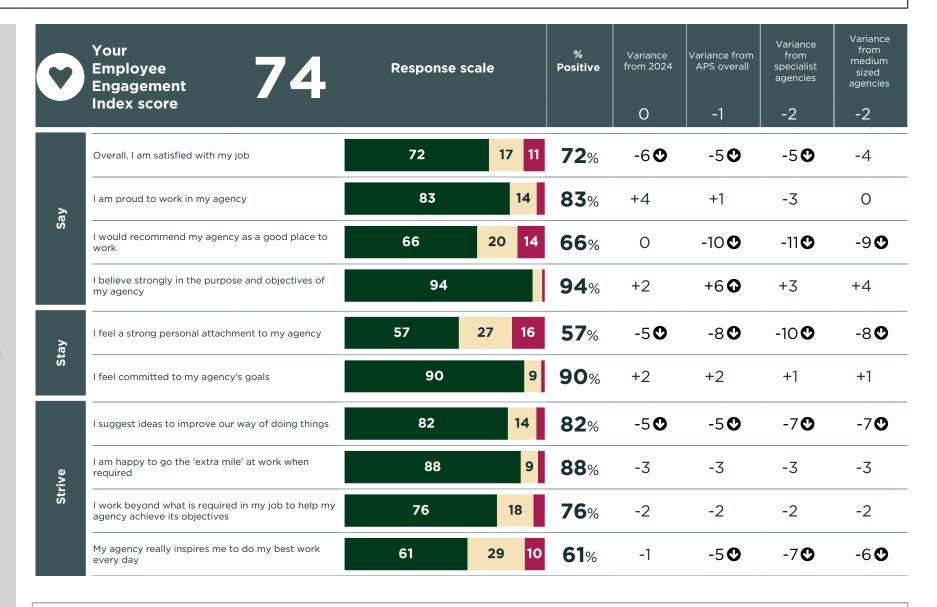

#### **Employee Engagement: Say, Stay, Strive**

## **Employee Engagement**

Employee engagement is more than simply job satisfaction or commitment to an organisation. It is the extent to which employees are motivated, inspired and enabled to improve an organisation's outcomes.

#### Retention

Employees who indicated that they were pursing another position within their agency, another agency, or outside the APS were asked for the primary reason behind their desire to leave. They could select one response from a list of 18 items.

Only the five reasons for leaving with the highest proportion of responses are presented here. These may vary between agencies, work units and with results for the APS overall, therefore those comparisons are not included.

Response s	scale %	Variance from 2024	Variance from APS overall	Variance from specialist agencies	Variance from medium sized agencies
What is the primary reason behind your desire to leave your current position? responses):	(5 highest				
I wish to pursue a promotion opportunity	16%	-	-	-	-

### Unacceptable behaviour

Employees who had perceived discrimination in the last 12 months in the course of their employment were asked where the discrimination came from and if they reported it.

Australian Government
Australian Public Service Commission

2025 APS Employee Census PAGE 17.

#### Unacceptable behaviour

In 2025, the survey used an expanded definition of harassment. Comparing results to 2024 should take this change in definition in context.

Employees who perceived bullying or harassment in the last 12 months were asked what type of bullying or harassment they experienced.
Employees could select one or more responses from a list of items.

Only the three options with the highest proportion of responses are presented here. These may vary between agencies, work units and with results for the APS overall.

Bullying and harassment	Response scale	%	Variance from 2024	Variance from APS overall	Variance from specialist agencies	Variance from medium sized agencies
During the last 12 months, have you been subjected to buworkplace?	ullying or harassment in your current					
Yes		<b>7</b> %	+1	-3	-1	-3
No		89%	+1	+3	+1	+3
Not sure		4%	-1	0	0	0
Types of bullying or harassment experienced (3 highest r	responses):					
Interference with work tasks (e.g. withholding needed information, undermining or sabotage)		<b>52</b> %	-	-	-	-
Verbal abuse (e.g. offensive language, derogatory remarks, shouting or screaming)		48%	-	-	-	-
Deliberate exclusion from work-related activities		<b>34</b> %	-	-	-	-
Did you report the bullying or harassment?						
I reported the behaviour in accordance with my agency's policies and procedures		<b>45</b> %	+28 🗗	+80	+10 🐼	<b>+9</b>
It was reported by someone else		<b>3</b> %	-5♥	-4	-5♥	-5♥

#### **Agency position**

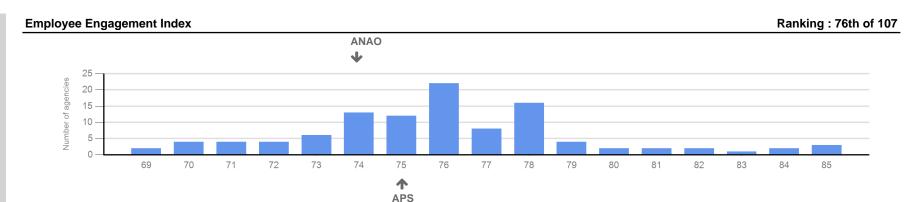

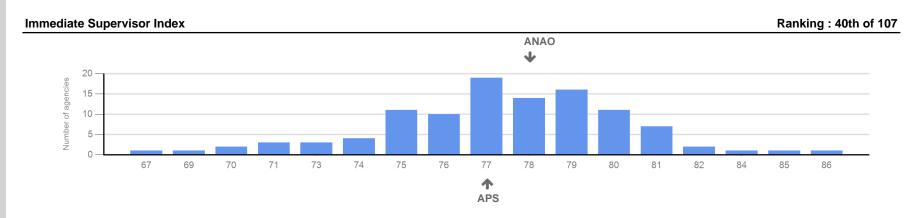

### Agency position

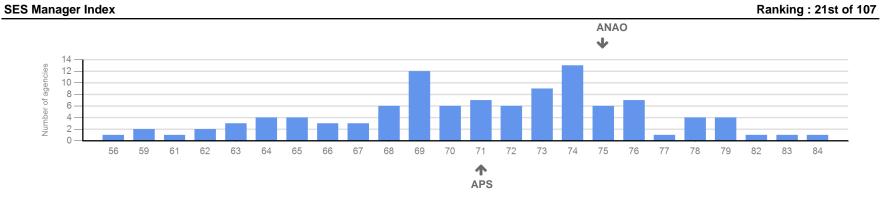

These graphs display the overall index score of each agency for the Employee Engagement, Immediate Supervisor, SES Manager, Communication, **Enabling Innovation** and Wellbeing Policies and Support indices. These are to assist you to see where your agency sits in comparison to the overall APS index score and the scores of other agencies.

Along the bottom line (x-axis) are the index scores. The height of the bar (y-axis) is how many agencies have that index score.

Please note, the x-axis values are not consecutive as only index scores received by an agency are represented.

#### Suggested questions to focus on

### What to focus on?

Through driver analysis, these key questions have been identified as being important to employees in your agency and associated with employee engagement.

They are not necessarily the questions with the lowest scores.

Some will be areas to improve upon and some will be areas to maintain.

Develop actions and activities to improve upon these, where possible, to drive higher levels of performance.

#### **Guide to this report**

#### % Positive

Where results are shown as positive percentages (% positive), these are calculated by adding together positive responses ("strongly agree" + "agree" or "always" + "often") and dividing by the number of respondents who answered the question.

For 5 point scale questions not asked on the *agree to disagree* scale the same rules apply, the green percent represents a **positive response** (unless the question is negatively worded).

#### Rounding

Results are presented as whole numbers for ease of reading, with rounding performed at the last stage of calculation for maximum accuracy. Values from x.00 to x.49 are rounded down and values from x.50 to x.99 are rounded up. Therefore in some instances, results may not total 100%.

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly Disagree	Total
Number of responses	151	166	176	96	24	613
Percentage	24.63%	27.08%	28.71%	15.66%	3.92%	100%
Rounded percentage	25%	27%	29%	16%	4%	101%
Number of positive	151 + 166 = 317					
% Positive	317 ÷ 613 = 52%					

#### Anonymity

It is best practice not to display the results of groups of respondents to the extent where the anonymity of individuals may be compromised. Results will not be shown where there are less than 10 respondents in a group.

#### Comparisons

Comparisons to other similarly sized agencies are used through this report.

#### Comparisons to previous years

The method of analysing and reporting specific results may be periodically reviewed and revised. Such improvements are applied to current data and that of previous years. For this reason the current report is always the most accurate data source for APS Employee Census results, including comparisons with time series data.
